

Carer Support Group

A support group for carers of residential aged care residents

If someone significant in your life gets to a point where it is necessary for them to move into residential aged care, this change may not be easy for all concerned.

Sometimes this change can create a sense of isolation, emotional strain, and worry for families and significant others. Meanwhile, all other life responsibilities continue.

The Swinburne Wellbeing Clinic for Older Adults offers a support group program for family members and significant others of aged care residents.

The group program provides participants the opportunity to meet with others in a similar situation, to exchange ideas, to learn about dementia, depression, and anxiety, and to share ways of living with the experience of being a carer.

Program Details

The group program is online and consists of **6 x 90-minute weekly meetings on Thursday evenings**. Participants will have an initial one-on-one online meet and greet with the facilitator before the program begins. Access and capacity to use the internet and a computer/tablet is required to join this program.

Cost: Free

Dates: Thurs 1st May - Thurs 5th June

Time: 6pm -7.30pm (AEDT)

The program is facilitated by Senior Social Worker Jo Wood and is funded by the Helen McPherson Smith Trust and Arcare Family Foundation.
